

REPORT ON WORKSHOP

The Department of Post Graduate Studies and Research in Mathematics, St Aloysius College Mangalore along with St Joseph's Engineering College Mangalore conducted a workshop titled "Application of Mathematics using Scilab as part of the MoU on 30th May 2022 at the latter's lab facility. A total of 51 students along with 4 faculty attended the workshop. The resource person was Dr. Ramananda and Dr.Shubha. The workshop intended on teaching the introduction to Matlab along with codes for performing various basic operations as well as plotting of graphs. Overall the session was very useful and helped the students to know the software better.
