Board of Studies meeting was commenced with a prayer service and the welcome address was delivered. Chairperson welcomed the members of the BOS and introduced the structure of the syllabus.

Meeting continued with feedback and suggestion from student representative Mr. Ruvel who expressed inconvenience in using few software's available in the lab.

In the subject of Animation board suggested add complete book details in the reference and text book section of syllabus.

Discussion then moved to the BCA syllabus where in one of the members showed concern in completing project in VI Sem as there is less time for the students to undergo complete project and it was decided to bring this to the notice of university.

In the subject of Internet technology, it was suggested to bring down the Bootstrap concepts to 3<sup>rd</sup> unit and start the subject with java script concepts. It was suggested to reframe the entire syllabus of R programming.

Software engineering and cloud computing were approved without much changes. Meeting then continued with the digital marketing syllabus where in it was suggested to remove ecommerce concepts from the first unit and include case study in rest of the units. At the end of second unit suggested to add the concepts of electronic payment system.

Meeting concluded by thanking all the members of board of studies.
