

Date: 31st OCTOBER 2022

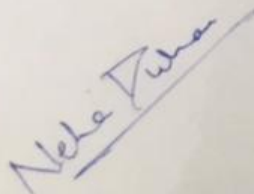

TO WHOM SO EVER IT MAY CONCERN

This is to certify that Ms. Saneena Saji has undergone training at our esteemed organization for a period of 3 months from 1st August to 31st October. During her training, she has done project work on the topics mentioned below

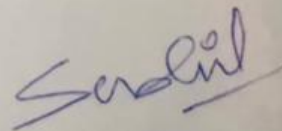

- Optimization of the colouring agent in plant-based alternatives to eggs.
- Shelf-life extension using thermal processing in plant-based alternatives to eggs.
- Enzymatic hydrolysis for the isolation of protein from oilseeds.

We found her conduct above par and wish her all the best in her future endeavor.

For any further queries, you may contact us at the below mentioned contact details.
