To Whoever It Concerns

This is to certify that Miss KYNJAIMON KHYRIEM has successfully completed her internship with **Bosco Integrated Development Society** under the project *Child Friendly Shillong* from 27.05.2024 to 17.06.2024

She was very sincere in her work and followed the guidance of her supervisor. She is a quick learner and leader who takes initiative and is creative in her work.

She was imperative to introduce **Child Rights** to children of Shillong city and worked hard to spread awareness about child rights to the children as well as the adults of different communities

During her internship period she formed **Child Rights Clubs** in different schools of Shillong city, organised meetings with various adult groups and coordinated with different stake holders such as govt. local leaders and community leaders to raise and address the issues of child rights .

Her hard work during her internship period has contributed largely towards achieving project goals and making Shillong City a **CHILD FRIENDLY CITY**

I wish her the very best for her future.

Regards,

Fr. James Thyrniang
Exec. Director
Bosco Integrated Development Society
